VEHICLE DESCRIPTION

Built for the job: 2027 Western Star 47X Dump Truck This new blue Class 8 dump truck is engineered for heavy-duty performance. It is powered by a Detroit DD13 engine delivering 505 HP, paired with a Detroit DT12 12-speed automated transmission. The chassis features a 6x4 drive configuration with tandem rear axles and spring suspension, supported by a 220-inch wheelbase and aluminum wheels. Equipped for demanding hauling tasks, this vehicle includes a steel end dump body manufactured by TEBCO. This left-hand drive truck is ready to enter service immediately. Whether you are managing construction sites or aggregate transport, this Western Star 47X provides the power and durability required for your operation.

Pricing & Specs shown are as of 06/11/2026 and are subject to change.
