VEHICLE DESCRIPTION

Built for the job: 2027 Western Star 47X Dump Truck. This new Class 8 dump truck is engineered for heavy-duty performance, featuring a Detroit DD13 engine delivering 505 HP. It is equipped with an Allison RDS automatic transmission and a 6x4 drive configuration with tandem rear axles. The chassis is supported by spring suspension and sits on aluminum wheels with a 220-inch wheelbase. Finished in white with a red body, this truck features a steel end dump body manufactured by TEBCO. Designed for efficiency and durability, it utilizes a left-hand drive configuration to handle demanding hauling tasks. Whether you are expanding your fleet or upgrading your equipment, this Western Star 47X provides the power and capacity needed for professional operations.
