### VEHICLE DESCRIPTION

Built for the job: 2026 Western Star 49X Dump Truck. This new Class 8 heavy-duty truck is engineered for demanding operations, featuring a Cummins X15 engine delivering 525 HP. It is paired with an Allison RDS 6-speed automatic transmission for efficient power delivery. The chassis is configured with a 228-inch wheelbase and a tri-rear axle setup, supported by spring suspension and aluminum wheels. Designed for maximum utility, this vehicle includes a steel body manufactured by Ox Bodies. Key weight specifications include a front axle weight of 20,000 pounds and a rear axle weight of 46,000 pounds. With only 92 miles on the odometer, this left-hand drive dump truck offers a turnkey solution for those needing reliable, high-capacity hauling capabilities.
