VEHICLE DESCRIPTION

Price Includes FET. Competitive Financing Available. This Western Star 47X Dump Truck delivers elite vocational performance, heavy-duty durability, and premium operator comfort. Built to conquer the toughest jobsites, this spec combines an ultra-rugged chassis with a legendary, fuel-efficient powertrain optimized for maximum payload and uptime. Powertrain and Performance Detroit DD13 Engine: Delivers 470 horsepower and 1,650 lb-ft of torque, providing exceptional bottom-end power and advanced fuel economy. Detroit Connect Virtual Technician: Remote diagnostic system minimizes downtime by providing real-time fault code analysis and actionable repair insights. Allison Automatic Transmission: Provides continuous power to the wheels, smooth shifting, and superior traction in deep mud, sand, and steep grades. Built to Perform, Engineered to Last X-Series Steel-Reinforced Cab: Constructed from lightweight aluminum with structural steel reinforcement for maximum safety, quietness, and corrosion resistance. Optimized Packaging: Features a shorter bumper-to-back-of-cab (BBC) dimension and a set-back front axle, delivering a tight turning radius for cramped construction sites. High-Capacity Dump Body: Heavy-duty, wear-resistant steel or aluminum body equipped with a high-frame hoist for fast, clean dumping cycles. Premium Operator Comfort and Safety Ergonomic Workspace: Spacious interior features a wrap-around dash, customizable switch clusters, and highly visible digital displays to reduce driver fatigue. Detroit Assurance Safety Suite: Active brake assist, side guard assist, and lane departure warning keep your drivers and jobsites safe. Superior Visibility: A sloped high-visibility hood and a massive single-piece windshield offer unmatched sightlines to the front and sides of the truck.
