VEHICLE DESCRIPTION

2021 Freightliner Cascadia 126 | 72" Mid Roof Sleeper | White | SelecTrucks Extended Warranty Available *Includes EW4 until 12/11/26 Powered by a Detroit DD13 turning out 470 horsepower and paired with a DT12 automated transmission, this Cascadia is built to run hard and shift smooth. The DT12 handles the shifting so your operator stays focused on the miles ahead. Riding on 2.28 rear axle ratio and a 237" wheelbase with all-aluminum wheels, it's set up to move freight efficiently without sacrificing driveline durability. Fleet maintained and single owner — this truck has been managed right from day one. Factory PTO provisions and pre-wired switches are already in place, so it's ready to spec out for auxiliary equipment without the extra labor. The 72" mid-roof sleeper gives your driver real living space to rest and reset, backed by a ParkSmart APU for idle-free climate control, inverter, fridge, and Espar bunk heaters with double bunks — everything they need for the long haul. □
