VEHICLE DESCRIPTION

2020 Kenworth T370 | Tandem-Axle Dump | Low Miles and Engine Hours | Extended Warranty Available One Owner, Local Trade-Ins Powered by a PACCAR PX-9 turning out 350 horsepower and paired with an Allison 3000 RDS automatic transmission, this T370 is easy to run for drivers of any experience level. Riding on a 5.57 rear axle ratio and a 210" wheelbase, it's set up to move aggregate, sand, or grain efficiently shift after shift. One owner and a local trade-in — this truck has been managed right from day one. It carries a 150-gallon fuel capacity and just came through our shop with a clean DOT inspection and a fresh PM service, and it has been professionally detailed inside and out. The 14 ft, 18-yard Ox Body dump bed includes a grain door in the tailgate, giving this truck the flexibility to haul aggregate one day and grain the next.
